How I met Lily was me and Gaby were walking and I accidentally bump into her.

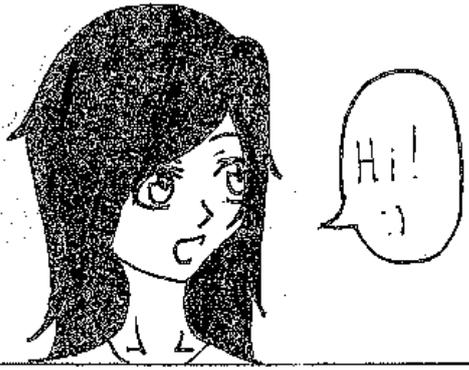

Gaby and Lily started talking.

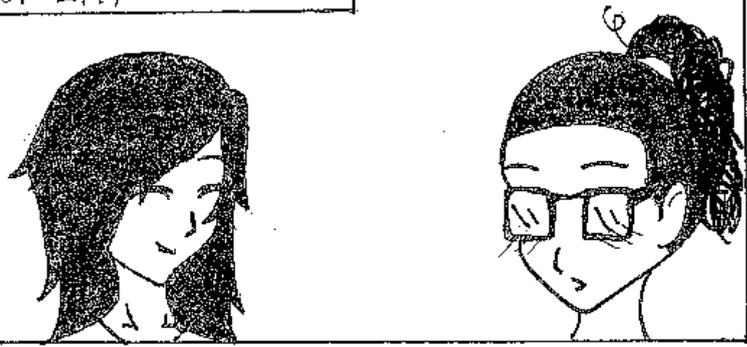

Finally, Gaby introduced me.

That's how we became acquainted.

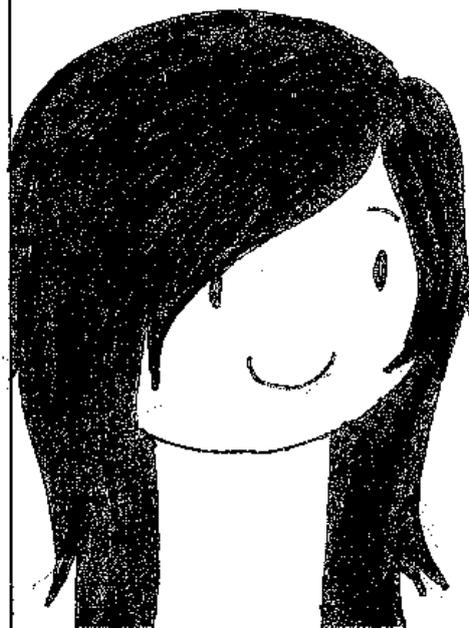

My first thought of Lily was...

Because she was very cute,

has a nice smile,

and an adorable laugh!

At first, we didn't talk much.

She was in a different group.

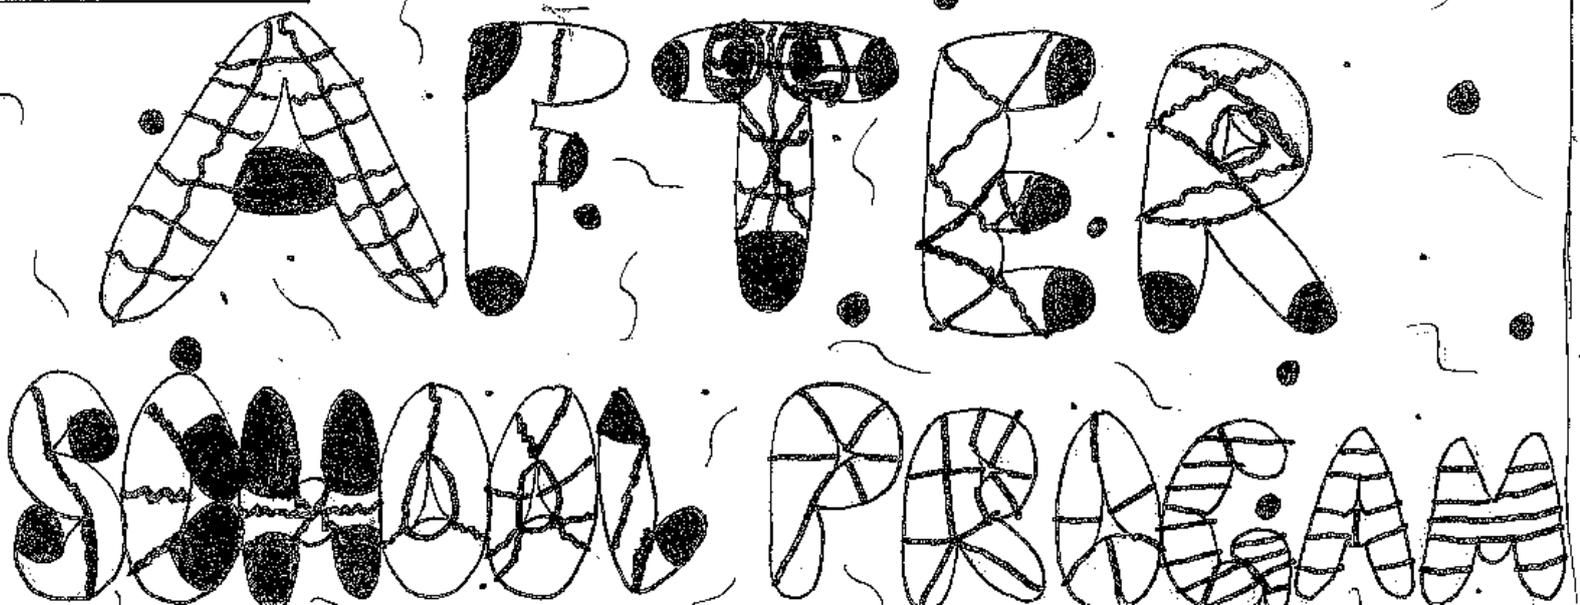

I was mainly focused on Gaby.

Later on, Lily and I started talking more.
